These robust and sturdy presses ensure that the bottom of the press will never deform and therefore will not break casts.

Equipped with the quick-release replacement bladder system, allowing the user to interchange bladders rapidly without any tools.

Also available! Our Extra Depth Vacuum Press gives a new dimension to vacuum forming. By removing a cover plate, you gain access to an additional 3" cavity (8"x 8"). Perfect for forming AFOs, custom or trial shoes, as well as orthotics.
